### Career Guidance Workshop - Courses and specializations after MBBS

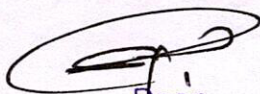

#### : Hospital Planning And Services

#### REPORT

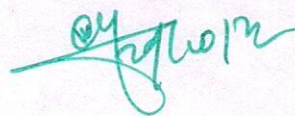

A workshop titled 'Courses and specializations after MBBS : Hospital Planning And Services' for final year MBBS students and interns was held on 21/10/17 who are looking to build a career hospital setup and the planning related to it. This workshop was conducted in the auditorium, at Index Medical College, Hospital & Research Centre, Indore. The resource persons for the workshop were Dr. A.M. Nayyar, Dept. of Physiology & Dr. Amit Prabhu, Dept. of Anesthesia.

The modules of the workshop were:

- Financial Feasibility of a Hospital
  - Project Conceptualization
  - Coming up with a realistic budget
  - Income and expense assumptions and calculations
  - Project Viability
  - Industry specific standards

- Hospital Building Design and Planning
  - Functional and Space Program
  - Developmental control regulations
  - Hospital Design Stakeholders
  - Grid Planning
  - Massing
  - Zoning and Stacking

There are a plenty of career opportunities for doctors and medical graduates who intend to start with Hospital Planning And Services. The workshop focused on understanding various parameters that have to kept in mind like Financial management, Marketing, Human Resource, etc. The speakers discussed that running a hospital setup required a lot of planning and strategizing which is an important aspect of the process. It was brought forth that it is best to start small and progress step by step.

The importance of the following was explained: understanding team dynamics and improving functionality of teams, understanding organizational behavior and culture, tackling organizational change and better management skills

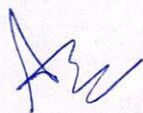

Better communication and presentation were considered to be skills that are basic. Matters like massing, zoning, grid planning etc were also brought forth. It was mentioned that budgeting the entire financial requirement is to be followed to avoid unnecessary issues eventually
