

ANNUAL REPORT

2020-21

1. VISION

Malwanchal University sets the standard for high quality sciences and liberal arts education. We impart world class knowledge, training and professional experience to students and professional interested in making a career in Health and Technical Sciences, and other subjects related to humanities. Our vision is a one in which men and women have equal rights under the law. For this, we are committed towards creating and sustaining the conditions that enable students to experience an unparalleled educational journey that is intellectually, socially and personally transformative and wedded to human values.

2. MISSION

The mission of Malwanchal University is to provide quality education and training in all its courses with the state of art infrastructure. We educate the citizens and citizen-leaders of our society. We do this through our commitment to the transformative power of education. Beginning in the classrooms with the exposure to new ideas, new ways of understanding and new ways of knowing, students embark on a journey of intellectual transformation. Our systematic working of constituent units ensures good working conditions and helps students and staff in their academic performance. We expose our students to rural and urban societies so that they may interact at the ground level and relate their education and expertise with the need of the society. For this, we encourage their frequent interactions with the world outside the campus. From this we hope that our students will begin to fashion their lives by gaining a sense of what they want to do with their gifts and talents, assessing their values and interests and learning how they can best serve the world. Our mission is also to adopt various legal and systemic changes which addresses discrimination against men women across the globe.

Brief History of Malwanchal University

Malwanchal University is a Private State University Established by the Madhya Pradesh Niji Vishwavidyalay Adhiniyam No.17 of 2007 published in the “Madhya Pradesh Gazette (Extra-ordinary)”, dated 4th January, 2016.

Malwanchal university is a private university situated in village Morodhat near Khudel on National Highway 59 A, District Indore (M.P.) approximately 25 kms away from the Indore city on the border of district Dewas.

Malwanchal University has following Constituent Institutes:

1. Index Medical College, Hospital & Research Centre
2. Index Institute of Dental Sciences
3. Index Nursing College
4. Index Department of Physiotherapy
5. Department of Pharmacy
6. Index Institute of Pharmacy

Message from Chancellor

“Talent is of no account without opportunity”- is a well known quote. We, at Malwanchal University, Indore believe in these famous words.

As we look forward to the future, one thing is certain, knowledge is a key resource and is highly sought after around the world. Our challenge is to help to generate ideas that will benefit society, to educate and train people to work in fields where they will be valued both for their specialized knowledge and for their ability to research, communicate and solve problems.

We need to build on the professional collaborations and widen the horizon of education, we need to meet new challenges and prove worthy of a strong stand in the ever growing field of education.

It is equally important that we keep close to our wider professional communities of interest within India and internationally. This will help to ensure the on-going relevance of our academic programmes and the continued excellence of our teaching, learning and research. Provision of new job opportunities and growing outlook towards professional interdisciplinary relations will always be on our agenda.

A key part of the learning experience is what students do beyond their classrooms. Keeping this in mind, the hostel facilities in the University premises have been designed with utmost care and attention so that the students can feel secure and at ease. The idea is to ensure that our students are provided with every facility they could possibly require, to fulfill their potential and develop an attitude to life that will serve them for their life beyond the boundaries of the University.

Smt. Aruna Bhadoria

Message from Pro – Chancellor

In its quest of providing quality education to all and sundry at affordable cost, Mayank Welfare Society has come up with another temple of learning in the form of “Malwanchal University”. Spread over a vast expanse of scenic beauty at Gram Morodhat – Indore, the university campus imparts a feeling of serenity.

The excellent infrastructure, experienced faculty and extensive resources are some of the hallmarks which serve to place the university in a class apart. The established traditions of the university shall serve as important tools in helping us in realizing the goal of an educated India.

It is our endeavour that all this richness is passed on to the aspiring students so that they are fully equipped to weave a better future for India.

Dr. Sanjeev Narang

Message from Vice Chancellor

The Malwanchal University presently imparts education in medical sciences with existing well developed fully functioning educational units with state of the art infrastructure.

Presently, the University is set firmly on its way to expand its horizons to newer spheres of studies.

The evolution of human knowledge has been an endless journey into the unknown with ever expanding frontiers. With this vast vista of knowledge, there is so much to learn as well to teach. We do not believe in simply teaching or training our students in certain skills but encourage them to travel without satiated curiosity in novel areas. Research is our supreme objective and we pursue it with relentless fervor. With our meticulous infrastructure and human resources we humbly take pride in being one of the pioneers in the education field in Central India in providing quality education.

Our endeavor is to create new ideas which will be beneficial to humanity and to educate students in the field where they will not only excel in knowledge but also carry out valuable research. For this we have to open up to larger society to build partnership which will make our effort more fruitful and that is what we are doing.

Mr. N.K. Tripathi

Message from Pro-Vice Chancellor

I am honoured and greatly privileged to be Pro-Vice-Chancellor of Malwanchal University, Indore. Our University ambitiously strategizes to address the challenges and opportunities of the future development of the student community by adopting the universal knowledge and global mindset. We are dedicated to provide holistic education which would prove relevant for the students' future. We promote world class research opportunity by providing appropriate facilities to teaching faculty members and committed students, thereby transforming students into professionally sound human recourse. We help students to transform into good human beings which eventually helps them to meet the challenges of life.

Our University campus has a serene and tranquil ambience thus promoting an excellent environment for teaching, learning and translation of knowledge into reality. The University has highly qualified and experienced teaching faculty in their respective fields. Continued large numbers of conferences, guest lectures, workshops, symposia, seminars and various forms of continued educational programmes are organized by the University. Team spirit is encouraged and leadership qualities are inculcated.

Dr. Ramghulam Razdan

Message from Registrar

Malwanchal University, Indore, a forerunner in higher education institutions, has extended its heritage of knowledge, values, wisdom, and quality all over the country and worldwide in a variety of disciplines. Malwanchal University, Indore has fostered creative brains by blending ethics with education and has become a center of excellence in new emerging areas in a short period of time. Since its founding in 2016, the University has established itself as a hub of innovation and research, providing education to students in a variety of academic areas including Medical, Dental, Nursing, Paramedical and Pharmacy.

The University has established a benchmark by providing a welcoming learning environment with dedicated teaching personnel and cutting-edge technology. During the professional education of our students at Malwanchal University, we refine their competencies and ingrain and promote lifelong learning skills. We believe in comprehensive student development, empowering bright entrepreneurial minds, and preparing them to be responsible citizens.

This multidisciplinary university, as a lively and renowned institution in the field of professional research and education, takes pride in its diversity and welcomes young aspirants who wish to construct a future full of opportunities and possibilities.

University Examinations

University Examinations:

One of the major components of our education system is the evaluation of students through examinations. The education process in any discipline of learning ends with examinations. The entire efforts put in by the teachers in teaching and the students or learning is centered on the results. The conduct of examination is one of the most important activities of the university and Malwanchal University is striving hard to make the conduction of examination to be fair, transparent, efficient and reliable.

The examination system at our university exercises all precautions & efforts to make sure that no inadvertent errors occur throughout the entire process of examination right from procurement of question paper to issuing of mark sheets of the exams. Throughout all these processes a high level of confidentiality is maintained.

At the end of the academic year (minimum of 180 working days). Meetings of the Board of Examination (BOE) of respective disciplines are held to discuss about the date sheets, selection the panel of paper setters, moderators, Chief Exam Superintendent Etc. (45-60 days prior to exam).

The BOE of respective disciplines, then submit the list of paper setters to the office of the COE. More names of paper setters are added and a list is prepared & submitted to the Honorable Vice Chancellor who randomly selects the paper setters. Then the template, sample question paper format with the syllabus are mailed to the paper setters. The University adopts robust methods of procuring the Question Paper through offline and online mode from Senior Faculty members from different universities. Every effort is made to ensure the confidentiality of the question papers received from both the Internal and External examiners.

Senior faculty members from respective disciplines are invited for the moderation of the received question papers. A minimum of 5 sets of question paper per subject are moderated, sealed, packed and stored in the strong room. The date sheets of the examinations are dispatched to the respective institutes and also displayed on the university website.

The process of conducting examination at our university is decentralized, the university appoints Chief Examination superintendent, Exam superintendent & two Assistant Exam superintendents along with junior invigilators who play an important role in conduction and supervision of the examination Halls/centers, one invigilator is assigned for every 20 students. All our examination centers are well equipped with 24x7 CCTV's camera surveillance with signal jammers.

The process of conducting examinations is fully automated. Once the date sheet of the examination is announced, the eligible students can fill up their examinations forms as well download their hall tickets through online mode.

On the day of the theory examination the papers are taken out from the strong room in presence of COE, Registrar and a senior faculty member. The Registrar then randomly selects a question paper packet from among multiple sets of question papers packets. The papers are then printed, sealed and dispatched to the examination centre/s.

The sealed question papers packets dispatched from the university are received in examination centers by the Chief exam superintendent who displays the packets to the student and randomly takes signature of 2 student's representative ascertaining the status of the sealed question paper packets. The examination hall is under the direct supervision of Chief exam superintendent, Exam superintendent & two Assistant exams superintendent under whom junior invigilator work to supervise students. The university also appoints team flying squad, to randomly visit and overlook the process of conduct of exam and to prevent malpractice. At the end of the day's examination the answer scripts are sealed at the examination centers and sent to the examination section.

The examination section receives sealed packets containing answer scripts. Then the answers scripts undergo process of shuffling/mixes by the office assistants. The shuffled answer scripts are then folder & stapled and then a second round of mixing of answer scripts are done. The answer scripts are then coded which ensures a fair quality of evaluation. The coded answers script are then sealed back in cloth packets and stored until evaluation.

The papers undergo double evaluation both by the external examiner as well by the internal examiners. To ensure timely declaration of results, the internal examiners are invited to evaluate the answer scripts starting the next day of the theory papers. All evaluation procedure is done under CCTV's installed in the evaluation room. The answer scripts are evaluated by the internal & external examiners under CCTV's coverage.

After the evaluation of answer scripts the papers are decoded and marks entered into the TR. The Data entered in the TR is again cross checked with the internal theory and practical marks to avoid any errors. The final results sheet once obtained is cross verified by 2 senior professors. The final result is dispatched to the respective institutes. During all the examinations a special committee for UFM is constituted at the university headed by COE to look into all the cases of UFM during examination.

EVALUATION-RELATED GRIEVANCE REDRESSAL MECHANISM

Malwanchal University has an organized mechanism for redressal of exam related grievances both at the institution level and also at the university level

GRIEVANCES RELATED TO INTERNAL ASSESSMENTS

The institutes conduct a minimum of three internal assessments to evaluate continuous progress of the students throughout their academic year. After the conduction of the internal assessments the answer scripts are shown to the students, if any student has grievance related either to discrepancy in totaling or if the students feels the marks are not just, he/she contacts the respective faculty member who had evaluated the answer script. The problem is either solved by the faculty or if in doubt, the faculty reports the matter to the Head of the department for better and optimal clarification. The marks are then displayed.

GRIEVANCES RELATED TO UNIVERSITY EXAMINATIONS

After the declaration of the results of the university examinations, if any student feels the marks obtained are not as per his/her expectation, they can apply for revaluation process.

The Students can apply for revaluation through online. The students can apply for apply for revaluation in not more than 2 subjects by paying a prescribed fees within 15 days of declaration of the university results. The applications are then forwarded by the dean through proper channel.

Once the revaluation forms are received at the office of the controller of examinations, the process of revaluation is initiated. The answers scripts are folded coded and are revaluated by 2 external examiners (other than the examiners who had previously evaluated them). The average of marks given by the examiners is taken into consideration. The results are then prepared and dispatched to the respective institutes for display. Throughout the entire process, a complete transparency is followed to ensure a fair evaluation and the process is time bound.

Research at Malwanchal University

Research Advisory Committee

Sr. No.	Name	Designation
1	Dr. Sanjeev Narang (Professor & HOD Dept. of Pathology, IMCHRC)	Chairperson
2	Dr. V. K. Arora (Professor & HOD Dept. of PSM, IMCHRC)	Member
3	Dr. Mustafa Johar (Professor dept. of Orthopedics, IMCHRC)	Member
4	Dr. Suraj Tripathi (Professor Dept. of Pharmacology, IMCHRC)	Member
5	Dr. Neha Jaiswal (Scientific officer, IMCHRC)	Member
6	Dr. Reena Gupta (Assistant Professor, INC)	Member Secretary

Scheme for Initiating Research (IR)

A faculty member with Ph.D/MD/MS (recruited or initiating research activity) in a niche area at Malwanchal University.

Aim:

- Enable the beginning of research and related activities for the recruited faculty member or who has significant potential to attract external funding.
- To attract high quality faculty in the present scenario.

Grants:

Grant of Rs. 2 Lakhs shall be awarded based on the merit of the idea. The amount should be spent within 24 months after grant. (Based on requirement and progress an additional amount of Rs. 1 Lakh may be considered after a year.)

Criteria:

- Faculty member appointed with Ph.D/MD/MS or faculty member starting research in a niche area.
- The faculty should commit to do research and to seek external funding for R & D projects.

Procedure:

Faculty members should apply for IR grant, to his/her Head of the Department, providing details of the research to be carried out in the prescribed form. Total budget should not exceed the prescribed limit.

Constituents:

- Research plan should describe research that is sustainable and has potential to help community.
- Itemized budget should be consistent with research plan.

Evaluation Process:

The application/proposal will be reviewed by a Research Advisory Committee appointed by Vice Chancellor and headed by Chairperson (RAC). On recommendation of the committee, VC will consider, approve and sanction the fund.

Chairperson (RAC) will play a key role in monitoring the expenditure of funds.

Expenditure:

- The grant can be used to purchase research equipment like software, databases, storage, network equipment and laboratory supplies. But purchasing Desktops, Laptops, printers and peripherals are not allowed. The grant also cannot be used for hiring external consultancy or assistance.
- Record of purchase will be maintained by the respective department and sent to Chairperson (RAC) office whenever required.
- All purchases/expenses should be processed in accordance with finance dept. of Malwanchal University policies and procedures.

Expected Outcomes:

The faculty member is expected to seek external mural funding by the end of this grant and also is expected to enhance the teaching performance. The report submitted as part of this grant will also be used for faculty appraisal.

Formulation of Research Project

All faculty / students are expected to conceptualize and formulate research project, in consultation with their HODs from their respective depts. or either Chairperson (RAC).

The format of preparing a detailed proposal is available with the Research Secretariat of Research Advisory Committee. In brief, the proposal should include or provide:

- Outline the proposed research topics in the context of previous work.
- Highlight about your awareness of current information in the field and area of study.
- Identify the research questions (Objectives) which have not been addressed (suitable gaps in knowledge) and the rational for doing the study.
- Propose a hypothesis which the study would address.
- Identify the research methodology, study design which will help answer the research questions.
- Nature of the data to be collected.
- Discussion on expected outcome and usefulness of information which is expected to emerge.
- Systematic compilation and organization of bibliography of literature on the topic considered for research.
- Source of funding for research. The proposal should be submitted to the Research Secretariat, RAC.

Approval of Research Project by Research Advisory Committee

Research Advisory Committee (RAC) which comprises of highly accomplished

Research experienced faculty from both within and outside Malwanchal University, reviews all the new research proposals.

Research scholar/faculty, makes a detailed presentation of the research proposal with emphasis on rational, objectives, expected outcome and usefulness of study.

Approval from RAC is mandatory prior to start of research work. The approval can be either with or without modification of the proposal. RAC may even reject the proposal and suggest working on some other related project. It may suggest resubmission of the proposal incorporating changes suggested by the Committee. Recommendations of RAC are final and Research Scholar/faculty has to comply with the same.

Meetings of RAC, is to be held depending upon the research proposals available in an academic year. Research scholar/faculty has to submit project proposal to Research Secretariat at least 20 days prior to the meeting.

Approval of Research Project by Ethics Committee

Malwanchal University has ethics committees namely for reviewing Clinical Studies, registered with Drug Controller General of India. The projects necessitating the use of humans for research including clinical trial will have to be cleared by the ethics committee before initiating research work. The composition of the committee is as per the guidelines of regulatory body (CDSCO). The Research Scholar/faculty whose projects have been approved by the RAC will submit research proposal in the desired format (available with Research Secretariat) for the consideration of Ethics Committee. Once again, Research Scholar/faculty will be invited to this meeting. Meetings of Ethics Committee are held 15 to 30 days after the RAC meeting.

Outreach Activities

Malwanchal University is enriched by incorporating field work, research projects, community settings and industry interfaces.

Field Visit:

- There is defined rural postings at RHTC, DOUBLE CHOWKI and urban postings at UHTC, AATHMIL.
UHTC is at AATHMIL in INDORE district and RHTC is at DOUBLE CHOWKI in DEWAS district.
- Adoption of two villages- KAMPEL and TILLORE
Water and sanitization being priority, existing toilets in the school were repaired and support for the repairs was provided to community. Youth groups have been formed in villages and they are being assisted in approaching the training opportunities for income generating schemes. The focus is on overall health.
- Visits to healthcare delivery centers: PHC, ART Centre, Health and Family welfare training centre, District Health Officer and Public Health Laboratory helps in familiarizing with prevention of diseases, practical insight and actual implementation of National Health programs.
- Visits to solid waste management plant, water purification plant, sewage treatment plant, slum areas to understand the role of environment and importance of its preservation for sustainable growth and development.

Industry visits:

Students visit different government/private industries like Madhya Pradesh State Cooperative Dairy Federation (MPSCDF), BIO CNG Plant, Apollo hospital to get exposed to real working equipments/operations. Thus, bridging the gap of academics and industry.

Community Postings:

Students are posted in rural/urban setups. They do health checkup and maintain family health folders. They learn social, economic, environmental aspects of health and diseases in family setup.

TOTAL	4,36,99,330

Alumni Association

The Malwanchal University has a registered Alumni Association in which all the students are registered after completion of their UG & PG degrees. The Alumni are a strong support to the Institution. Alumni are our brand ambassadors.

Alumni Association of Malwanchal University is registered under **the Madhya Pradesh Society Nationalization Act 1973 (Ref. No. -03/27/01/22578/20)**

Alumni Association keeps its alumnus, Faculty and Institutes in touch with each other, nature and cherishes them. Alumni Association of Malwanchal University established on 9 March 2020.

Alumni Association of Malwanchal University has its well defined objectives for helping its students and alumni.

Association encourages every alumni about fund donation on expertise for the growth of university. The mission of the Association is to bring strong bonds between alumni, students and the Institute, to keep alumni informed, and create a network enabling them to remain engaged with their alma mater and help shape its future through the Associations programmes and services. Alumni participate in various events like induction programmes, career guidance meets in which they can share their experiences and guide the students, chair persons for different conferences. They contribute in curriculum implementation in terms of suggestions and feedback.

Objectives:

- To promote a good will and serve of pride of both Alumni and Students.
- To promote exchange of academic and corporate experience with the students of the university.
- To mentor and channelize the efforts of the students seeking better opportunities to learn and growth of professional development.
- To connect the existing alumnus with the university and bridge the gap of communication between alumnus and students.
- To associate with the university management in planning and execution of alumni events.

The above mentioned objectives are achieved through multi-dimensional methods. Directorate of Alumni relations has embraced and expedited enthusiastic initiatives which include promotion of events planned and directed by the alumni.
