2.5.4 Reforms in the process and procedure of conduct of evaluation/examination

Transparency increases credibility and accountability. Malwanchal University is working hard to ensure thorough transparent examination procedures by implementing various reforms as well as enhancing examination methods by incorporating information technology for complete student-centric and achieving a credible system.

Examination Procedures:

There are two methods of evaluation of each student enrolled in the university. They are continuous Internal Assessment (Formative Assessment) and Year End examination (Summative examination).

Three continuous internal assessments are conducted in an academic year. After every Internal Assessment the answer scripts are shown to individual students. The results are then displayed at the departmental notice boards and informed to the parents through PTMs conducted.

At the end of Academic year Summative examination are conducted. The University adopts robust methods of procuring the Question Paper through offline and online mode from Senior Faculty members from different universities.

Moderation of the papers is carried out by Professors / Associate Professor to ensure the questions equally covers the entire syllabus and free of errors. A minimum of 03- 05 set of question paper per subject. The moderated question papers are stored in separate strong room (under CCTV surveillance) accessible only to COE & DY COE.

Random selection of question paper by Registrar / vice chancellor Malwanchal University, in presence of senior faculty member across disciplines.

Evaluation is done at both UG and PG level by the internal and external Examiner as per respective councils.
