Date: 18<sup>th</sup> September, 2023

## Report for FDP: Photography and LASERS in Dentistry with Hands On

The faculty professional development program titled "Photography and LASERS in Dentistry with Hands On" has been conducted successfully from 11-09-2023 to 16-09-2023, at Index Institute of Dental Sciences, Indore for the benefit of the faculty members. This program was organized keeping in view the rising trends, upkeeping with the recent developments in the field of dentistry.

The program commenced with lighting of the lamp by all the honorable dignitaries present and inaugural address from Honorable Vice Chancellor, Malwanchal University, Indore – Shri N. K. Tripathi and Chairperson of the program & Dean, IIDS, Indore – Dr. Satish Karandikar.

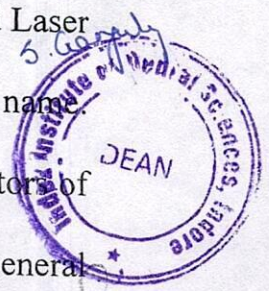

During the whole duration of the program key points for dental photography for professionals were deliberated with added discussions on the clinical implications for the use of LASERS in dentistry, in congruence with the recent developments in the field, in this direction. For this, eminent speakers were invited, namely

Dr. Avinash Narayankar, with his strong hold over Oral Implantology and Laser Dentistry, and Dr. Vidya Hari Iyer, who has multiple achievements to her name.

In his key note speech, Dr. Avinash Narayankar enumerated the usual factors of reluctance amongst the clinical practitioners being intimidation due to general lack of knowledge of the current photographic equipment and prevalent

Indore (M.P.)  
Indore (M.P.)

techniques, interruption in the usual clinical work flow; and, on some occasions maybe the cost too; along with the recent advances put forward to deal with them, while stressing the importance of the practice all-together at the same time.

On day 1 & 2, the main topics of discussion were understanding photography, concept of light, various types of camera, lens and flash intraoral accessories, equipment of choice for the morning session, followed by basic program modes and key settings for dental photography, economics of dental photography, setting the camera on manual mode, what is a viewfinder, how to use mobile phone for dental photography, posture and position (patient and doctor), flash setting, how to edit and manipulate photographs were discussed. For day 3 & 4, the points for discussion were introduction to LASERS and LASERS history, LASERS physics and applications, LASERS safety, along with a comprehensive Hands-on on Dental Photography. Likewise, the major highlights of Day 5 & 6 were the discussions on clinical applications of soft tissue, LASERS in all branches of dentistry, observations and finally conclusions with respect to the whole program. As such, the whole program was received by the audience with full fervor and enthusiasm and ended with a great success, with avid participation turning the whole endeavor into a huge success.
